Index to Public Utilities Reports

(This section of the magazine, which comprises the decisions, orders, and recommendations of courts and commissions, is too voluminous to be included in this index. These reports are published annually in their entirety, in five bound volumes, together with the Annual Digest; copies may be obtained from the publishers, PUBLIC UTILITIES REPORTS, INC., Munsey Building, Washington, D. C., upon application.)

PUBLIC UTILITIES FORTNIGHTLY

Subject Index

ACCOUNTING,

- See also Depreciation.
- Control of, as a means of regulation, 277.
- Depreciation practices, growth of, 333.

ADVERTISING,

- Check poll on electric companies' advertising, 301.
- Educating customers as to cost of electricity, 817.
- Utility advertising men to keep public relations in mind, 113.

AIR CARRIERS,

- Public utility problems in air industry, 706.

AMERICAN GAS ASSOCIATION,

- Industry's convention, 478, 501, 566, 622.

ANTITRUST LAWS,

- Application to regulated industries, 691.

ATOMIC ENERGY,

- Hazard of new inventions, 651.
- Major topic at EEI convention, 44.
- New atom board named, 662.

AUTOMOBILES,

- Perimeter parking for cities, 581.

BALTIMORE,

- Perimeter parking for cities, 581.

BONNEVILLE POWER ADMINISTRATION,

- New rates proposed for secondary energy, 290.

CALIFORNIA,

- Regulation by slide rule, 201.

CHARTS,

- Basic yields of corporate bonds for selected maturities, 41.
- Capitalization outstanding, 670.
- Check poll on electric companies' advertising, 301.
- Distribution of gross revenues of operating utilities, 670.
- Financial record of transit industry, 371.
- Gas industry's sales indices, 489.
- Pioneering in rural service, 140-146.
- Source and disposition of electric operating revenues, 239, 765.
- Trend of transit traffic, 372.
- Utility financing (monthly averages), 102, 430, 621.

COAL,

- Mine seizure aspects described, 755.
- Powdered coal as answer to increasing fuel costs, 238.

COLLECTIVISM,

- Significance of public ownership of utilities, 149, 218.

COMMISSIONS,

- Can state commissions regulate REA co-ops, 588.
- National Association of Railroad and Utilities Commissioners takes exception to proposed order forbidding recording instruments, 484.
- Power to regulate mobile telephone service, 34.
- Regulation by slide rule, 201.
- What the state commissioners are thinking about, 833.
- Why Federal commissions adopted new rules, 593.

COMMUNISM,

- Significance of public ownership of utilities, 149, 218.

CONGRESS,

- Conferees cut power funds, 94.
- Failure of lobby probe moves stirs Washington comment, 302.
- House group asks repayment of TVA power costs, 28.

COÖPERATIVES,

- Decisions limiting controls over, 97.
- Federal taxation, 14.
- For an electrified Georgia, 135.
- Iowa still contesting co-op hydro dam project, 481.
- State commission power to regulate, 588.
- Wind-up of Wisconsin hydro sale fight, 159.

DEPRECIATION,

- Consolidated Edison may adopt straight-line basis, 296.
- Discussion of fair value and depreciation, 371.
- Growth of accounting practices, 333.
- History and analysis of conflicting court and commission theories, 410.
- The depreciation problem, 333, 410, 528.

DISTRICTS,

- PUD agency fires socialists, 482.
- Utility district bond sale stirs financial groups, 227.

DIVIDENDS,

- Electric-gas companies, 236, 558.
- Electric-gas holding companies, 300, 669.
- Manufactured gas companies, 39, 487.
- Natural gas and mixed gas companies, 105, 106, 488.
- Operating utilities, 491.
- Transit company stocks, 370.

EARNINGS,

- Electric-gas companies, 236, 558.
- Electric-gas holding companies, 300, 669.

PUBLIC UTILITIES FORTNIGHTLY INDEX

EARNINGS—continued

- Manufactured gas companies, 39, 487.
- Natural gas and mixed gas companies, 105, 106, 488.
- Operating utilities, 491.
- Rate of gain in net income tapers off, 429.
- Transit earnings remain at wartime levels, 369.
- Utility earnings—current and future, 762.

EDISON ELECTRIC INSTITUTE,

- Meeting features practical papers on industry problems, 42.
- Policy on farm electrification, 793.

ELECTION,

- Public power bloc hit, 754.

ELECTRICITY,

- Agencies eye power companies' bids for army projects, 421.
- Chart showing source and disposition of electric operating revenues, 239.
- Charts showing records in rural electrification, 140-146.
- "Chronological History of Electrical Development," 181.
- Educating customers as to cost of electricity, 817.
- EEl annual meeting features practical papers on industry problems, 42.
- EEl executive urges companies to speed farm electrification, 431.
- For an electrified Georgia, 135.
- Hazard of new inventions, 651.
- Improved highway illumination to prevent traffic fatalities, 286.
- Interior officials talk "power" at reclamation association meeting, 612.
- Iowa still contesting co-op hydro dam project, 481.
- Lower interest on reclamation power, 480.
- McPhail predicts expansion of public and private power, 364.
- Pioneering in rural service, 138.
- Planning for near-future power system, 3, 84.
- Power for farms of nation, 791.
- Power in the reaches of the Pacific Northwest, 643.
- Public power promotion—plus, 174.
- REA again rebuffs industry bid for co-operation, 226.
- Residential electric and gas rates decline sharply, 555.
- Rural job ahead for electric utilities, 559.
- Sixty years of electric service, 377.
- Source and disposition of electric operating revenues, 765.
- Summary of utility group's offer to distribute Federal hydro power, 564.
- TVA book of revelations, 240.
- Whether public power is taking over, 810.
- Wickard says companies failed on rural power job, 361.
- Wisconsin has river basin project developed by business interests, 771.

EMPLOYEES,

See Labor.

ENGINEERS,

Engineering by crystal ball, 734.

FAIR VALUE,

Discussion of fair value and depreciation, 371.

FEDERAL COMMUNICATIONS COMMISSION,

- FCC proposed recording order hit, 665.
- FCC readies utility radio service standards, 363.
- National Association of Railroad and Utilities Commissioners takes mild exception to FCC proposed order forbidding recording instruments, 484.
- New rules of procedure and practice released, 424.
- Policing the radio spectrum, 98.
- Problem posed by use of mechanical devices for recording telephone conversations, 725.
- Why Federal commissions adopted new rules, 593.
- Wire recorders to intercept telephone conversations, 161.

FEDERAL POWER COMMISSION,

- Competing pipe lines to inadequately served areas, 109.
- Gas and coal conflict, 111.
- Gas business problems since the Natural Gas Act, 472.
- Natural gas probe hearings, 111, 171, 245, 291, 464.
- New general rules issued, 503.
- Operating company official looks at Federal Gas Act, 453.
- Why Federal commissions adopted new rules, 593.

FEDERAL WORKS PROGRAM,

Congressmen oppose cut back, 362.

FINANCES,

- See also Securities.
- Analysis of Illinois Power Company, 38.
- Charts showing utility financing (monthly averages), 107, 430, 621.
- Consolidated Edison refunding program, 36.
- Financial statistics of utilities, 1940-45, 429.
- Northern States Power Company integration, 165.
- Plans for new financing, 37.
- Reappraisal of representative holding companies on prospects of further revisions in segregation and recapitalization plans, 39.
- Tips on phrasing of company reports, 740.
- Utility district bond sale stirs financial groups, 227.
- Utility earnings—current and future, 762.

FUEL,

Hazard of new inventions, 651.

PUBLIC UTILITIES FORTNIGHTLY

GAS,

- AGA convention, 478, 501, 566, 622.
- "Big Inch" to pipe natural gas from Texas to southern California, 499.
- Dates of gas lighting in principal cities, 479.
- FPC natural gas investigation, 111, 171, 245, 291, 464.
- FPC view on competing pipe lines, 109.
- Gas business problems since the Natural Gas Act, 472.
- Gas industry's sales indices, 489.
- Great Britain looks at her gas industry, 493.
- Map showing proposed natural gas pipe line to Mid-Continent gas fields, 604.
- Natural gas and mixed gas utility companies' stocks, 488.
- Operating company official looks at Federal Gas Act, 453.
- Outlook for natural gas in competition with other fuels, 308.
- Pipe line to wasted natural gas from Texas and New Mexico, 602.
- Problems of "inch" pipe lines, 796.

GEORGIA,

- Relationships between power company and cooperatives, 135.

GERMANY,

- Communications system, 539.

GOVERNORS,

- National convention in favor of legislation to prevent public utility strikes, 69.

GREAT BRITAIN,

- British transport's rôle in nationalization, 25.
- Looks at her gas industry, 493.

HIGHWAYS,

- Improved highway illumination to prevent traffic fatalities, 286.

HOLDING COMPANIES,

- Commonwealth & Southern reorganization plans, 238.
- Developments in integration, 103.
- New American & Foreign Power plan, 556.
- North American Company reply brief filed, 557.
- Northern States Power Company integration, 165.

INCOME,

- See also Earnings.
- Gain over 1945, 234.

INTEREST,

- See also Earnings.
- Lower interest on reclamation power, 480.

INVENTION,

- Hazard of new inventions, 651.

IRRIGATION,

- See Reclamation.

LABOR,

- Availability of older men and women for jobs, 658.
- City's intervention balked in Pittsburgh strike, 549.
- Company issues special annual report for employees, 173.
- Editors' views on Pittsburgh power strike, 770.
- Employees need to be told facts about economic system, 309.
- How governor stopped threatened utility strike, 267.
- Labor-management relations in public utilities, 69, 399, 714.
- Mine seizure aspects described, 755.
- National Federation of Telephone Workers to maintain independent character, 32.
- National telephone workers' union, 367.
- NFTW forms "one national union," 758.
- Plans to scrap National Federation of Telephone Workers and replace it with tight national union, 554.
- Possible labor difficulties in utility field, 345.
- Practical methods in training utility employees, 176.
- Puzzling factors in wage increase demands, 179.
- Strikes in essential services challenge rights of all citizens, 172.
- Telephone union not to make new general wage demands, 485.
- USITA wants antistrike law, 664.
- Who gets the consumer's dollar, 306.

LOBBIES,

- Failure of lobby probe moves stirs Washington comment, 302.

LOS ANGELES,

- Pipe line to wasted natural gas from Texas and New Mexico, 602.

MANAGEMENT,

- Right to manage, 304.

MAPS,

- Proposed natural gas pipe line to Mid-Continent gas fields, 604.

MERCHANT MARINE,

- Merchant Marine—tomorrow, 544.

MUNICIPAL PLANTS,

- Federal taxation of public business enterprises, 14.
- Significance of public ownership of utilities, 149, 218.

NATIONAL ASSOCIATION OF RAILROAD AND UTILITIES COMMISSIONERS,

- Takes mild exception to FCC proposed order forbidding recording instruments, 484.

PUBLIC UTILITIES FORTNIGHTLY INDEX

British transport's rôle in nationalization, 25.

NATIONAL RECLAMATION ASSOCIATION,

Resolutions adopted at reclamation meet, 629.

NATURAL GAS,

See Gas.

NEW JERSEY,

Two-year operation of New Jersey rate plan, 352.

OLD AGE,

Availability of older men and women for jobs, 658.

PARKING,

Perimeter parking for cities, 581.

PENNSYLVANIA WATER WORKS ASSOCIATION,

Golden anniversary meeting, 673.

PERIMETER PARKING,

For cities, 581.

PIPE LINES,

Problems of "inch" pipe lines, 796.

PITTSBURGH,

City's intervention in strike, 549.

PROSPECTUS,

Simplifying prospectus requirements, 618.

PUBLIC OWNERSHIP,

British transport's rôle in nationalization, 25.

Conferees cut power funds, 94.

Election hits public power bloc, 754.

Federal taxation of public business enterprises, 14.

House group asks repayment of TVA power costs, 28.

Moratorium on public works covers power agencies, 288.

Nationalization of industry *versus* private enterprise, 671.

New purchase proposals by public power districts, 36.

Power in the reaches of the Pacific Northwest, 643.

Public power promotion—plus, 174.

Significance of public ownership of utilities, 149, 218.

State agencies talk up public power, 108.

Summary of utility group's offer to distribute Federal hydro power, 564.

Trend toward Federal ownership of utilities, 528.

TVA book of revelations, 240.

Whether public power is taking over, 810.

PUBLIC RELATIONS,

Educating customers as to cost of electricity, 817.

Radio programs of public utilities, 73.

Utility advertising men to keep public relations in mind, 113.

PUBLIC UTILITIES,

Accounting control as a means of regulation, 277.

Agencies eye power companies' bids for army projects, 421.

Air industry, public utility problems in, 706.

Antitrust laws as applied to, 691.

Case history of service during war, 562.

Company issues special annual report for employees, 173.

Educating customers as to cost of electricity, 817.

Engineering by crystal ball, 734.

Financial statistics of utilities, 1940-45, 429.

Labor problems, see Labor.

"Making our company the best," 519.

Management's right to manage, 304.

Radio programs presented by, 73.

Regulation by slide rule, 201.

Reports feature community interests, 433.

Summary of utility group's offer to distribute Federal hydro power, 564.

Tips on phrasing of company reports, 740.

War not over for, 212.

Who gets the consumer's dollar, 306.

RADIO,

FCC readies utility radio service standards, 363.

Frequency modulation question, 233.

Mobile radio rates set by Bell system, 761.

Mobile radiotelephone service, 34, 163, 232, 366.

Policemen and firemen in higher reaches of radio spectrum, 367.

Policing the radio spectrum, 98.

Public utilities present programs, 73.

Radio paging service, 366.

Railroad operation through use of radiotelephones, 295.

Rural radiotelephone experiment revealed, 368.

Taxi radio communication, 610.

Television as advertising medium, 295.

RAILROADS,

Antitrust laws as applied to regulated industries, 691.

Increase in capacity and efficiency—Class I carriers, 1934 to 1942, 339.

Selected data railway equipment—growth of depreciation reserves, 337.

RATES,

Bonneville proposes new rates for secondary energy, 290.

Costs to be covered, 49.

Educating customers as to cost of electricity, 817.

PUBLIC UTILITIES FORTNIGHTLY

RATES—continued

- Fair return as set by state commissions, 667.
- Mobile radio rates set by Bell system, 761.
- New Jersey rate plan, 2-year operation of, 352.
- Regulation by slide rule, 201.
- Residential electric and gas rates decline sharply, 555.
- Telephone rate plateau may be at end, 552.
- Who gets the consumer's dollar, 306.

RECLAMATION,

- Bureau pushes construction, 773.
- Columbia basin activities outlined, 755.
- Interior officials talk "power" at reclamation association meeting, 612.
- Lower interest on reclamation power, 480.
- Plans afoot for Colorado river, 756.
- Policy changes face probable delay, 30.
- Resolutions adopted at reclamation meet, 629.

RECORDERS,

- Problems of mechanical devices for recording telephone conversations, 161, 292, 484, 665, 725.

REGULATION,

- Accounting control as a means of, 277.
- Antitrust laws as applied to regulated industries, 691.
- By slide rule, 201.
- Can state commissions regulate REA co-ops, 588.
- New Jersey rate plan, 2-year operation of, 352.

REPORTS,

- Company issues special, for employees, 173.
- Recent utility annual reports feature community interests, 433.
- Tips on phrasing of, 740.

RETURN,

- Fair return as set by state commissions, 667.

REVENUES,

- Chart showing distribution of gross revenues of operating utilities, 670.
- Chart showing financial record of transit industry, 371.
- Chart showing source and disposition of electric operating revenues, 239.
- Disposition of California gross utility revenues, 285.
- Source and disposition of electric operating revenues, 765.
- Who gets the consumer's dollar, 306.

RULES AND REGULATIONS,

- Adoption by Federal commissions, 424, 503.
- Why Federal commissions adopted new rules, 593.

RURAL ELECTRIFICATION,

- Can state commissions regulate REA co-ops, 588.

RURAL ELECTRIFICATION—continued

- Conference creates permanent organization, 766.
- EEL executive urges companies to speed, 431.
- Job ahead for electric utilities, 559.
- Pioneering in, 138.
- Power for farms of nation, 791.
- REA again rebuffs industry bid for cooperation, 226.
- REA boosts Colorado loans, 663.
- Wickard hits utility plans for, 157.
- Wickard says companies failed on job, 361.

SECURITIES,

- Basic yields of corporate bonds for selected maturities, 41.
- Buyers' strike in the stock market, 427.
- Chart showing capitalization outstanding in case of operating utilities, 670.
- Chart showing utility financing (monthly averages), 107, 430, 621.
- Common stock financing for plant additions revived, 102.
- Common stock rights, 764.
- Compilation of statistical data on utility stocks, 170.
- Consumers Power offering successful, 763.
- Electric-gas holding company stocks, 300, 669.
- Electric-gas operating company stocks, 236, 558.
- Manufactured gas company stocks, 39, 487.
- More interest on A T & T bonds, 665.
- Natural gas and mixed gas utility companies, 106, 488.
- Natural gas stocks reflect improved earnings, 105.
- Operating utility common stocks, 491.
- Possible end of bull market in bonds, 234.
- Public utility security offerings in second quarter of 1946, 168.
- Report on American Power & Light Company common stock, 374.
- Simplifying prospectus requirements, 618.
- Transit company stocks, 370.
- Utility district bond sale stirs financial groups, 227.
- Utility earnings—current and future, 762.
- Wall Street analyses of utility stocks, 166, 235, 299, 491, 555, 667.

SECURITIES AND EXCHANGE COMMISSION,

- Simplifying prospectus requirements, 618.
- Why Federal commissions adopted new rules, 593.

SLIDE RULE,
